

Anticonditions

- $ODE \Leftrightarrow PDE \Leftrightarrow$ large SDE system

• Via resp. Lyapunov-Schmidt and mean-field limit

• Singular interactions and hypocoellipticity

• Super- and subcritical bifurcations

- Metastability for finite N ?

Ant conclusions

- ODE $\iff$ PDE $\iff$ large SDE system
- Via resp. Lyapunov-Schmidt and mean-field limit
- Singular interactions and hypoellipticity
- Super- and subcritical bifurcations
- Metastability for finite N ?
